Database/Bioinformatics Laboratory of Chungbuk National University

Letter of Invitation

Faculty of Computer Sciences & Information Technology,
University of Medical Sciences & Technology,
Khartoum, Sudan

September 10, 2018

Dear Professor Mohamed Izzeldin A. Bashir,

The organizing committee is delighted to invite you as an invited speaker in the Data Mining Applications: Bioinformatics and Medical Informatics (DBMI 2018) hosted by Database/Bioinformatics Laboratory and Chungbuk National University, Cheongju, South Korea. Please visit our official conference website (<http://fitat.org/workshop/7>) for detailed information.

Your visit is scheduled from 26th October to 6th November, 2018 and the major purpose is to give a keynote speech for DBMI 2018 and give special lectures for Brain Korea (BK).

We will provide not only your travel expenses including economy class airline round tickets from Sudan to South Korea, but also an accommodation of twelve nights excluding health insurance during your visit.

Please feel free to contact us at tsatsral@nmit.edu.mn or khryu@dmlab.chungbuk.ac.kr if you have any enquiries regarding your invitation. We are looking forward to meeting you at DBMI 2018 in Cheongju, Korea.

Invitee information:

Full name: Mohamed Izzeldin Abdelrahman Bashir

Passport number: P01337020

Data of Birth: 13-01-1971

Invitation period: 26 October – 6 November, 2018

Best regards,

Keun Ho Ryu, Professor, The general chair of DBMI 2018,
Database/Bioinformatics Laboratory,
Chungbuk National University,
Cheongju 28644, South Korea
